OPTIONAL GIVING

Over 55 volunteer community members help decide how best to invest in community solutions. Areas of focus include the following:

Ages & Life Stages

As our population grows in Bucks County, so does the need. We all know we need programs to care for our children, youth and seniors. By providing quality care that is comprehensive, affordable, and accessible we provide support for our youngest to our oldest residents.

Self-Sufficiency

We're focused on helping families become financially stable and taking the next step to long-term independence. Of course we will continue to provide funding for the safety net services of the homeless shelter, hot meals and the food pantries, but we'll also be supporting those programs that provide "a hand up – not just a hand out."

Healthy Communities

When a person is in a crisis situation, knowing where to turn to find the programs and services they need is such an important step. By supporting programs that take a comprehensive approach we can create a healthier Bucks County.

Early Childhood Development

Success By 6 aims to ensure every child in Bucks County is prepared and ready to succeed by the time they enter school.

Studies show when children have access to high quality care in their formative years, they are less likely to drop out of school, be unemployed, or have a felony arrest record and more likely to attend college and work in a living wage job.

Gifts targeted to this area will support the success of young children and address the quality, accessibility and affordability of child care for poor and working poor families.

Do you want to get involved in your community?

Check the boxes below for things of interest to you:

Women's Leadership Council

This initiative seeks to bring together the women of Bucks County to make a difference – by advocating for issues important to them, and taking a leadership role in addressing them. There are opportunities for women to hear interesting speakers, volunteer, advocate, set policy, network and affect change.

United Way Volunteers

Get Involved – United Way relies heavily on volunteers to carry out our mission. Our volunteers set the direction and course for the work of United Way, through reviewing applications from programs for funding, visiting funded programs, setting up a special event, assisting with mailings, and many more opportunities. See how you can make a difference.

Community Advisor Network

Periodically, United Way of Bucks County convenes groups of individuals to learn more about the issues facing a given community. It is one way we can better understand attitudes, perceptions and emerging problems that are not readily evident. We also test new ideas before we introduce them to the public. As a community advisor, you are a valuable resource in our work to improve lives.

A little helps a lot!

Examples:

\$2 per week

Provides an adult mentor to a child who needs a caring role model in their lives. (Big Brothers/Big Sisters)

\$5 per week

Prepares a child to be ready to succeed when they enter school by attending a quality child care program (Children's Developmental Program)

\$10 per week

Provides shelter, counseling and support groups and services to a victim of domestic violence. (A Woman's Place)

\$20 per week

Trains a person for a career in information technology and puts them on the road to financial stability. (Bucks County Housing Group)
