# WELCOME

## Our Mission

The Bucks County Women's Initiative of the United Way of Bucks County helps girls become strong women through mind, body, and spirit. It is our belief that healthy girls - mind, body, and spirit - grow up to become strong women.

Managed by women, we build gender equity, create social change, and promote a culture of philanthropy among women and girls.

## History

The Bucks County Women's Initiative was unveiled on Friday, April 29, 2011 at the Annual Breakfast of United Way of Bucks County. The Bucks County Women's Initiative is a partnership between the Bucks County Women's Fund and the United Way of Bucks County.

## Our 2014 Programs

### All of the proceeds from tonight's event support:

**#GirlSTEM**, in partnership with Bucks County Intermediate Unit and Delaware Valley College, will inspire 350+ Bucks County girls to explore Science, Technology, Engineering, and Math careers through a free, day-long conference and a "networking lunch" with mentors. **For our donors:** It costs less than \$25 to send a girl to this conference.

Empower U., in partnership with the Central Bucks Family YMCA, gives high risk, low income girls access to a 12 week health & wellness program. She will have access to the CBFYMCA, a certified lifestyle coach, special group meetings, classes, field trips, and more. **For our donors:** It only costs about \$130 put a girl through the full 12 week program.

Teens Leaning In, in partnership with A Woman's Place, challenges the impact of gender-based discrimination for girls during adolescence and gives them the tools to claim their role as leaders and grab a seat at the table. **For our donors:** Girls will meet monthly for a year, with additional connections between meetings, for about \$25/session.

# LIVE AUCTIONS
