

In addition to providing students with free admission to the iSTEAMM conference, United Way of Bucks County offers an **Access Scholarship** to their school districts. Eligible schools have the option to apply for reimbursement of transportation costs and/or substitute teacher costs. Eligible schools are those with 25% or more of the student body participating in free lunch programs.

This information is provided from the PDE webpage: [National School Lunch Program Reports](#). If you have any questions or feel there is any information about your school not captured by the free lunch rates, please contact Katie Matarazzo at katiem@uwbucks.org.
