

A photograph of a man and a young child sitting on a light-colored couch, playing with colorful building blocks. The man, on the right, has a beard and is wearing a plaid shirt, smiling as he looks at the child. The child, on the left, has curly hair and is wearing a checkered shirt, focused on the blocks. Several colorful blocks (red, green, blue, yellow) are scattered on the couch in front of them.

TOGETHER

WE WILL REBUILD

United Way of Bucks County
Community Support Campaign

**United
Way**

Every day, across Bucks County, our neighbors struggle with obstacles they can't overcome alone. Unexpected crises, hunger, homelessness, access to education, and other barriers threaten the stability of families – and our community.

Challenges, Solutions, and Outcomes

We are more than just funders. We work directly with people who need us – and side-by-side with partners, tackling complex, interconnected issues like education, poverty, and health challenges.

How do we ignite change? We apply new solutions to old problems and mobilize the most effective resources. We develop programs that produce lasting results and share our outcomes with full transparency. We inspire people to give generously and compassionately knowing that their investment is someone's opportunity.

GIVE TODAY!

You are needed, now more than ever. To donate, visit uwbucks.org/wewillrebuild or use the enclosed form.

How Your Dollars Help

Emergency Needs

We help families through times of crisis. Whether the crisis impacts the world like COVID, entire communities like the recent floods, or just one family, we assist with everything from transportation and rent to hygiene kits and other essentials. Last year over 5,000 families received emergency assistance through our HELP Center and other programs.

Your gift of \$2,500 could provide one-time financial assistance to families who are struggling right now.

Food Access

Having enough food to eat is often taken for granted. Right now, we are serving over 1,000 families each week through programs such as Fresh Connect and Bucks Knocks Out Hunger – almost twice as many as we served prior to COVID.

Your gift of \$1,500 could provide breakfast essentials for more than 300 local families so they can have a strong start each day.

Education

Access to a quality education is an essential building block to a great life. Last year, in addition to providing nearly

\$2 million in early education scholarships, we distributed nearly 1,500 books and 1,000 STEM kits to Pre-K children and their families in Bucks County.

Your gift of \$1,000 could help close the opportunity gap by providing a three month Pre-K scholarship for a young child.

Housing & Homelessness

United Way responds to families facing homelessness and helps them overcome it. Last year we served 389 people through the Street Outreach program. We played an essential role in helping them move into safe, affordable housing and ensuring they have what they need to make the space a home.

Your gift of \$500 could provide one month of rental assistance to help a family get back on their feet.

We're Here for You, Bucks County

"The past year has been full of challenges. Instead of backing down, our community stepped up and showed its resilience. Our supporters helped ensure that we could respond to people's most urgent needs. We helped – and continue to help – residents recover in the wake of the pandemic, in the wake of floods and tornadoes, and as they struggle to navigate personal crises. We still have work to do. Please join me in contributing to United Way of Bucks County's Community Support Campaign this year. Together, we can help our neighbors – and our entire community – rebuild."

- Marissa Christie, President & CEO at United Way of Bucks County

RESPOND

We established the Bucks County COVID Recovery Fund and a permanent HELP Center to provide food and essential goods to 100,000+ residents.

RECOVER

We continue to invest \$2 million in Pre-K education and childcare, help stabilize working families, and provide hunger relief to all who need it.

REBUILD

With your help, we will bolster our existing programs, design and enhance financial stability programs, and work with our hardest-hit communities – and families – to help them rebuild.
